V800 TIME CLOCK

A sophisticated, reliable unit with a feature-rich biometric system

This unit is a sophisticated, feature-rich biometric system. The Velocity 800 offers extended time tracking features such as break and meal buttons. It offers a four-line, backlit LCD display with prompts for entries.

Employees punch using finger scan technology that eliminates "buddy punching" and the hassle of distributing and replacing employee ID badges.

What can you do with the V800?

- Employees can punch in/out for their shifts, breaks and meals

- Employees can view schedule for today and next 7 days

- Employees can view punches entered on the clock for current day and previous weeks

- Clock can enforce minimum meal length restrictions

- Supervisors can insert missing punches

The V800 is a reliable and time-tested system with a sophisticated biometric system that is compatible with iSolved TimeForce, iSolved Time and TimeForce II.

Call us at 888-686-0080 for V800 information - perfect for collecting your time and attendance data.
